Ted Jennejohn
Project Manager
McMullen & Pitz Construction Co.
17 Maritime Drive
PO Box 8
Manitowoc, WI 54221-0008

Dear Mr. Jennejohn:

RE: Breakwater Park Marina
City of Oconto, Wisconsin

This letter is written to express my opinion regarding the performance of McMullen & Pitz Construction Co. on the Oconto project. As Foth's Project Manager and Client Contact person, I appreciated your approach to work as a team throughout the project construction. You, Erich Pitz and your field staff are highly technical in marine construction and were very professional in dealing with all parties involved including the general public. The Oconto project was completed on time and well within budget. The City received a quality construction project which they are very proud of.

Do not hesitate to use the Oconto project as a reference for your work.

Sincerely,

Foth Infrastructure & Environment, LLC
