RE: Harris Mill Park Bridge

Dear Mr. Pitz:

It has been a pleasure working with you on the Harris Mill Park Bridge project. The City of Waupun greatly appreciates your patience on this project due to the delay we had with the DNR Permit requirements because of moving the location of the walk bridge. Once the Permit was approved the bridge was completed and installed in a very timely manner.

With the ideas that McMullen & Pitz had to install the bridge over the dam and to anchor the walk bridge to the dam saved the City of Waupun \$73,513.00. The workmanship on this project was excellent. The City of Waupun appreciates the follow-up calls from McMullen & Pitz to make sure everything was working smoothly and that the City of Waupun was pleased with the workmanship.

We have received numerous complements from citizens on the design and placement of the bridge and how it looks over the dam. This is now the talk of the town.

Once again, it was a great pleasure working with you.

Sincerely,

Jodi Steger
Mayor
